Elbow dysplasia (xrays, CT, arthroscopic treatment of coronoid disease and/or OCD) £1800-2100 (one elbow)
£2700-3200 (two elbows)

Pancarpal/ pantarsal arthrodesis £2600-3000

Fractures

Simple growth plate fracture (distal femur, proximal tibia, etc)	£1600-1800
Long bone shaft fracture (simple)	£1800-2300
Long bone shaft fracture (complex)	£2300-3300
Acetabular fracture	£2500-3500
Humeral condylar fracture— unicondylar	£2000-2600
Humeral condylar fracture— bicondylar	£3500-4000
Feline multiple pelvic trauma	£2500-3500

¹ fixed price procedure

² fee includes consultation, imaging as required (excluding MRI), surgery and two nights' hospitalisation with intensive nursing, bladder management and physiotherapy

³ a fee increase of £25 will be charged should sedation/general anaesthesia be required

SOFT TISSUE SURGERY

Fees for surgical procedures include an initial consultation, xrays, surgery and hospitalisation for one to two nights.

Consultations

Initial	£171.25
Follow-up	£53.50-108.57
Emergency supplement	£100
Typical investigation including blood tests, anaesthesia, imaging and biopsies	£500-1500

Abdominal

Enterectomy	£2000-3000
Perineal rupture	£1800-2500
Biliary tract surgery	£2000-4000
Hepatic lobectomy	£2000-3000
Portosystemic shunt	£2000-3000

Thoracic

Lung lobectomy	£2200-3000
PDA / vascular ring anomaly	£1800-2100
Pyothorax	£2500-4500
Pericardectomy	£1800-2500

ENT

Brachycephalic airway surgery	£1200-1500
Laryngeal tie back	£1800-2500
TECA / LBO unilateral	£1800-2200
TECA / LBO bilateral	£2500-3500
Nasal discharge investigation (including rhinoscopy and CT)	£1500-2000
Salivary mucocoele	£2000-2500

Urinary tract

Urinary tract rupture	£2500-3500
Ectopic ureters	£2500-3500
Colposuspension	£2000-2500

Wound management / Oncological surgery

Resection and primary closure	£1500-2000
Wound reconstruction, with skin grafts or axial pattern flap	£2000-4000
Mandibulectomy/ maxillectomy	£2000-3500

Southern Counties Veterinary Specialists Price Guide

Fees include VAT @17.5% Valid until 1st January 2011

NEUROLOGY	
Consultations	
Initial	£192.67
Follow-up	£108.57
Emergency supplement	£100
Surgery	
Thoracolumbar hemilaminectomy <15Kg ²	£2500 ¹
Thoracolumbar hemilaminectomy >15Kg ²	£3000 ¹
Ventral slot ²	£2800-3200
Seizure/ vestibular/ brain disease investigation (incl MRI)	£2200-2600
Neuromuscular disease investigation (consultation, EMG/NCV, xrays, muscle biopsy)	£2300-2600
EMG (excludes sedation/ GA)	£180
NCV (excludes sedation/ GA)	£235
BAER hearing test (brainstem auditory evoked response) performed by neurologist ³	£47 per animal

IMAGING	
Computed tomography	
CT external referral (incl. sedation/ GA and radiologist's report) single area	£575-725
CT external referral (incl. sedation/ GA and radiologist's report) double area	£750-1050
Magnetic resonance imaging	
MRI external referral (incl. GA and radiologist's report) single area	£1360
MRI external referral (incl. GA and radiologist's report) double area	£1770
Gadolinium contrast	£90
Imaging reports	
Interpretation of referred radiographs (orthopaedics, soft tissue, neurology, cardiology) - verbal report	free of charge
Interpretation of referred radiographs (orthopaedic, soft tissue, neurology, cardiology) - written report	£49.99

CARDIOLOGY	
Consultations	
Initial	£171.25
Follow-up	£108.57
Echocardiography only consultation	£310
Surgery / procedures (not incl. diagnostic investigation)	
PDA ligation / pericardectomy / lung lobectomy	See soft tissue surgery
Pericardiocentesis ¹	£440
Investigations	
Heart murmur	£450-880
Arrhythmia	£530-1150
Syncope	£650-1150
Exercise intolerance / poor performance	£650-1600
Cough investigation	£650-1350
Dyspnoea	£650-1350

PHYSIOTHERAPY	
Physiotherapy sessions are conducted by one of our two full-time physiotherapists and involve multiple cutting edge physiotherapy modalities including underwater treadmill.	
Initial consultation	£88.14
Single physiotherapy session	£40
10 x physiotherapy sessions (paid in advance)	£360 (incl. 10% discount)

DERMATOLOGY	
Consultations	
Initial	£192.67
Follow-up	£108.57

KITTEN/PUPPY SCREENING TESTS	
BAER hearing test for kittens/puppies (performed by nurse) ³	£33 per animal
PennHIP hip laxity scoring	see website for details
Cardiac auscultation screening for congenital heart defects	see website for details

¹ fixed price procedure

² fee includes consultation, imaging as required (excluding MRI), surgery and two nights' hospitalisation with intensive nursing, bladder management and physiotherapy
